BUREAU:	Endangered Resources
ISSUE/TOPIC:	New Appropriation for ER Conservation SEG
PROPOSED CHANGE:	Add "Endangered Resources" as a separate subprogram under 20.370 (1)(mu).
EXPLANATORY NOTE:	The Department is transferring an organizational unit from Program 3 (the Environmental Inventory & Monitoring Section of the Bureau of Integrated Science Services) to Program 1 (Land) in the Endangered Resources subprogram as part of a reorganization. The Section being transferred is funded in part with Conservation SEG from the Fish & Wildlife account. There is currently no appropriation that authorizes the Endangered Resources subprogram to utilize Conservation SEG funding. Creating this appropriation would allow the transfer of the funding for the Environmental Inventory & Monitoring Section to the Endangered Resources subprogram.
DESIRED EFFECTIVE DATE:	The effective date of the 2005-07 Biennial Budget.

resources

Under current law, DNR administers an endangered resources program for the purpose of improving habitats for endangered or threatened species, conducting the natural heritage inventory program, conducting wildlife research, providing for wildlife damage control, and providing wildlife management services. The program is funded in part by a voluntary income tax check-off program.

This bill creates an additional source of funding for the endangered resources program from the conservation fund appropriation that, under current law, funds many of DNR's general program operations relating to conservation, state parks, and fishing, hunting, and trapping regulation.

✓ For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
